

Executive Summary

Deterministic AI Review

The agreement's language concentrates most in **Mergers and transactions**, **Boilerplate and interpretation**, and **Ownership and equity**. These three categories account for the largest share of what the engine recognized, and every recognized term is tied to its exact place in the text.

WHERE THE LANGUAGE CONCENTRATES

top 7 of 21 categories, by recognized terms

01	Mergers and transactions		27
02	Boilerplate and interpretation		26
03	Ownership and equity		16
04	Disputes and remedies		9
05	Duties and permissions		6
06	Indemnification		6
07	Employment and restrictive covenants		6
